

Dear Sir,

Greetings from Innovative Technologies, Surat ISO 9001: 2015, ISO 18001: 2015 & ISO 45001: 2018.

**Our principal company M/S. CSL Silicones Inc. Canada** is the leading manufacturer & primary silicone producer of standard and custom silicone products with 30 years of experience in the manufacture of Room Temperature Vulcanizing (RTV) silicone products.

Supply & Application of RTV Silicone HVIC of CSL Silicones Inc. Canada has been associated with ADANI for more than 10 years for this Innovative solution to prevent pollution induced flashovers.

From a humble beginning as an Applicator of RTV Silicone HVIC in 2011, we have now established ourselves as a solution provider for Asset management.

We offer a range of Industrial Maintenance Specialty products and services as listed below from various principals across the world.

- ❖ **RTV Silicone High Voltage Insulator Coating from CSL SILICONES INC. CANADA** for Supply & Application of Si-COAT 570 RTV HVIC for Porcelain, Glass, EPOXY, & Polymeric Insulators. The application areas cover Outdoor AIS substation equipment insulators up to 765 KV, GIS Substation Equipment up to 765 KV, Indoor Substation Panel Epoxy Insulators & Bus Bars, Reactor Coils, Transmission Line Insulators up to 765 KV and Polymeric housing Insulators up to 765 KV and Special Insulators
- ❖ **Pure Polysiloxane Anti Corrosion Protective Coating from CSL SILICONES INC. CANADA** for Supply & Application of Si-COAT 579 Corrosion maintenance coating for Structures, Towers, Control Boxes, Transformer Tanks, Fire Hydrant systems, Valves, Storage Tanks, Pipeline exteriors, Roofing, Cladding and other areas prone to severe rusting and corrosion due to coastal and severe atmospheric service conditions.
- ❖ **Partial Discharge measurement and fault diagnostics from PD TECHNOLOGIES, CHENNAI** for Various Outdoor, Indoor, GIS equipment and Cables for all voltages up to 765 KV. Our Professional Services Include a) Online and Offline Partial Discharge (PD) Measurement Power Cable, Transformers, Panels, Switchyard, GIS Gas Insulated Switchgear – IEC Standard, b) Condition Monitoring of Electrical Equipment, c) Diagnostic Testing, d) Gas Insulated Switchgear - GIS testing and commissioning, e) Transformer and Switchgear Testing, f) Current Transformer, Voltage Transformer, Surge Arrester, Circuit Breaker Testing, g) Power Cable Testing, h) Equipment service and maintenance.
- ❖ **Special Metallic and Ceramic Polymer Multi Metal Oil leakage Sealant** for Oil leak, SF 6 Gas leak from **TECHNOFIINK, USA** to reduce repair time, extending the life of equipment, reduce maintenance costs and increased up time. An extremely useful for attending to gas / oil leaks without down time. Other products of TECHNOFIINK are a) MaxePoxy protection and repair technology products are special cold-welding type polymers that rebuild, repair, and protect providing high mechanical and chemical resistance. b) TapeGlass, used for industrial pipe repair and reinforcement, is a fiberglass tape impregnated with water-activated resin for repairing pipes of any diameter in just a few minutes. It can be activated by salt or fresh water. c) The SealBall system is designed to adapt to all forms of pipes to be sealed, including areas with welds, corners and T's. The advantages of SealBall include fast installation under pressure, no additional load at pipes, adjust even in not perfectly rounded pipes, and it is portable.

- ❖ **Insulated Sleeves up to 800 KV and Creepage Extenders** from **FIBRETEX TECHNOLOGIES, MUMBAI** for providing additional insulation in areas with reduced / restricted clearances and shed extenders for additional creepage distance
- ❖ **Online & Offline Biodegradable Chemical Cleaning compounds** from **JK ENGINEERING & TECHNOLOGY, CHENNAI**. Their product range also includes mechanical cleaning equipment's products, Speciality maintenance chemicals & MRO products, Industrial cleaning chemical & equipment, Industrial Heat Exchangers, Condenser, Boiler, AHU etc... cleaning services from J K Engineering & Technology, Chennai
- ❖ **Fluid leak sealing gasket and gland packing** from **EXIMIOUS VENTURES PRIVATE LTD** which are proven, high performing, asbestos free and better than that are available in the market & system like Thermic fluid, chilled water/brine water system, and DG set etc cleaning on line/off line. the product is oil/water based and fast performing

We have been working since 1997 & our satisfied clientele list are as follows:

- (1) POWERGRID CORPORATION OF INDIA LTD
- (2) ADANI POWER LIMITED
- (3) TATA POWER
- (4) TORRENT POWER
- (5) ARCELOR MITTAL NIPPON STEEL (I) LIMITED, HAZIRA, SURAT formerly known as Essar Steel (I) Ltd.
- (6) Hitachi Energy India Limited
- (7) KEC International Limited
- (8) GE T & D India Limited & GE Renewable
- (9) Aditya Birla Industries, Halol
- (10) Ultra Tech Cement Limited
- (11) Siemens Limited
- (12) Shree Cement Limited
- (13) Suzlon Global Services Limited
- (14) NATIONAL THERMAL POWER CORPORATION, HAZIRA, SURAT.
- (15) OIL & NATURAL GAS COMMISSION LTD., HAZIRA, SURAT.
- (16) NUCLEAR POWER CORPORATION OF INDIA LTD.
- (17) CHINA STEEL CORPORATION INDIA LTD., DAHEZ
- (18) RELIANCE INDUSTRIES LTD., HAZIRA, SURAT
- (19) JK Paper Ltd. CPM Fort Songadh, ETC.....

**We will be grateful if you can provide us with an opportunity to serve you for Asset Management in your esteemed organization**

**Thanking you and assuring best of our services at all times.**

**For Innovative Technologies**

**ASHISH PARIKH**

**(PROPRIETOR)**

Enclosures: As above
